**WHAT TO DO**

**01**

*Check in at Petronas Twin Towers*

No one should miss this iconic landmark when arriving in Kuala Lumpur. Taking a photo from far away or on top of the tower must be on your bucket list. These skyscrapers were the tallest buildings in the world from 1998 to 2004 and remain the tallest twin towers in the world. Watching the towers lighting up at night is also amazing.

**02**

*Hike to Mount Kinabalu*

Being the highest mountain in Malaysia with the height of 4,095 metres, this destination offers a challenging yet worthy experience for hiking lovers. While conquering the summit requires exceptional levels of physical and mental strengths, travellers can always enjoy the surrounding botanical and biodiversity with a short trek.

**03**

*Trek through tropical forests*

Tropical forests are one of the specialties that Malaysia has to offer. There are numerous forests that one can choose to explore including KL Forest Eco-Park in Kuala Lumpur, Penang National Park and Danum Valley in Sabah. The trails typically feature exotic canopy walkways, lots of living species and amazing scenery.
Take a cable car to the Sky Bridge

Not only having charming beaches, but Langkawi island is also famous for the Sky Bridge and the cable car carrying passengers up and down. From the Sky Bridge as well as in the cable car, visitors will have breath-taking views of the island with green forests, white beaches and blue oceans.

Observe orangutans

The facility is established to support orphaned or injured orangutans before releasing them back to nature. Visitors will have a chance to watch feeding sessions and learn more about these clever species.

Diving in Sipadan Island

Located in Sabah State, Borneo, this island is undoubtedly the best place in Malaysia and arguably in the world for diving. There are schools of whirling barracudas, big sea turtles, sharks, more than 3000 species of fish and hundreds of coral species. The underwater life in the area is just simply stunning. There’s no inhabitation on the island and only 120 divers are allowed to dive per day.
